

# CAHIER DES CHARGES

## *My Project*

My project will be a portfolio that will focus on:

*A party front or we can consult on various pages:*

Home view of the last realized project

The first page will contain my personal description (I appear Maxime Dagnière. At present in formation Web developer to obtain a level diploma 3. Always having been fascinated by computing when the moment of my retraining came I retrained into this sector.) With a short description of me (My curriculum vitae, Name, First name, Birthday, etc.).

A second page which contains a description of my formation (before and after my retraining).

A third page which contains a description of my technical skills acquired during my last formation (Client language, server language, database, client framework, server framework, web server, tools, CMS, software, OS).

A fourth page which contains my project list that I brought to a successful conclusion with an illustration (Three projects of group (CSS, One page, Blog), personal project (Mastermind)).

A form of contact to send me a mail. The mails will be registered in database at the same time, as they will be sent.

*A party back office:*

A protected access which is secure with email/password.

A party where the mail will be displayed with possibility to delete them. They will be displayed by the last received in the most distant.

The possibility to modify the various fields of the front page.

## *Technology used*

The site will be made with the method MVC (Method View Controller)

Framework: Laravel.

Web language: HTML, SASS/CSS, JS.

Server language: PHP SQL.

Library: JQuery.

Tools: Sublime Text, FileZilla.

## ***Police and color***

*Title:* Inder (<https://fonts.google.com/specimen/Inder>).

#00a3cc.

*Menu and body:* Slabo (<https://fonts.google.com/specimen/Slabo+27px>).

#000000.

## Liste des fonctionnalités

Front:

Menu avec fond coloré en fonction de la page en cours.

Page 'Home' avec affichage du dernier projet réalisé avec lien qui envoie sur la page 'Display Project' pour le voir en complet.

Page 'Project' affichage des 3 derniers projets affichés en mini avec pagination pour les suivants. Plus un bouton sous chaque projet pour l'afficher dans la page 'Display Project'.

Page 'Contact' avec vérification des champs en JavaScript au moment d'envoi du formulaire. Le mail est envoyé à [maximedu03120@hotmail.fr](mailto:maximedu03120@hotmail.fr) ainsi qu'un enregistrement dans la base de données.

Back :

Page 'Connection' on pourra accéder seulement avec une url cachée. Une fois connecté on sera redirigé vers la page 'Home admin'.

Page 'Home admin' un nouveau menu seras présent. La page affichera les deux derniers mails reçus.

Page 'Mails' avec pagination qui affichera 5 mails par page. Les mails auront chacun deux boutons Read more et Delete. Read more est un bouton qui déclenche un événement JavaScripts à chaque click, le premier affiche (display : block) le sujet et le contenu du mail le deuxième les recaches (display : none). Delete déclenche aussi un événement JavaScript au click, il lance une alerte avec comme message 'Voulez-vous supprimer ce mail : Oui / Non' si la personne répond Oui on lance la fonction PHP.

## Data model

**Name of database:** portfolio.

**Table:**

*Mails:*

Id (Primary), from, subject, content, uptadated\_at, created\_at, name.

*Personal:*

User\_id (Index), description, birthday, telephone\_number, mail.

*Experience:*

Id (Primary), user\_id (Index), after\_retraining, before\_retraining.

*Formation:*

Id (Primary), user\_id (Index), formation.

*Skills:*

Id (Primary), user\_id (Index), name, content.

*Users:*

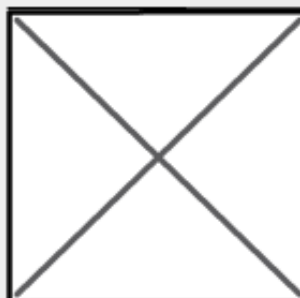

Id (Primary, user, password, email, uptadated\_at, created\_at, name.
